

WE CLAIM:

1. A memo sheet comprising:

a sheet member having a front side and a back side opposite to said front side;

5 a fold line formed on and dividing said sheet member into a cover part and a hidden part, each of said cover and hidden parts having a marking face and a back face opposite to said marking face, said marking faces of said cover and hidden parts being arranged at said front
10 side of said sheet member, said back faces of said cover and hidden parts being arranged at said back side of said sheet member, said sheet member being foldable along said fold line to place said back face of said hidden part over said back face of said cover part; and

15 a removable pressure sensitive first adhesive layer provided on said back face of one of said cover and hidden parts,

wherein said back face of said hidden part is adhered to said back face of said cover part through said first
20 adhesive layer when said sheet member is folded, whereby said marking face of said hidden part is placed opposite to said marking face of said cover part.

2. The memo sheet as claimed in Claim 1, further comprising a removable pressure sensitive second
25 adhesive layer provided on said back face of said cover part, said back face of said cover part having a hidden portion covered by said hidden part when said sheet

member is folded, and an exposed portion where said second adhesive layer is located.

3. The memo sheet as claimed in Claim 1, wherein said first adhesive layer is provided on said back face of said hidden part.

4. The memo sheet as claimed in Claim 2, wherein said first adhesive layer is provided on said back face of said cover part adjacent to said second adhesive layer.

5. The memo sheet as claimed in Claim 1, wherein said fold line is a marked line.

6. The memo sheet as claimed in Claim 1, wherein said fold line is a scored line.

7. The memo sheet as claimed in Claim 1, wherein said sheet member has opposite first and second side edges extending in a transverse direction relative to said fold line and formed respectively with first and second cutout portions, said fold line extending from said first cutout portion to said second cutout portion.

8. The memo sheet as claimed in Claim 1, wherein said hidden part has an area smaller than that of said cover part.
